The survey reports have several purposes:

- Understand trends within the member community
- Help institutions understand how they compare to their peers
- Be a resource guide

**Vote on the topic**   **Conduct focus groups**   **Release the survey**

- Virtual Reality/Artificial Intelligence
- Community Engagement
- Researcher Infrastructure
- COVID Impact on Libraries/Public Health Emergencies
- Climate change and disaster planning
- Cybersecurity and privacy

Which topic will be most valuable for us to explore?
