Dear Sir:
I am writing to you because I want Congress to pass stricter gun control in this country.
Your true friend

The Honorable Arch A. Moore, Jr.
House of Representatives

Sir:
In recent months we have become increasingly anxious, indeed fearful, about the criminal violence perpetrated in our nation by irresponsible people who are allowed to obtain and carry firearms.
We are appalled too by heretofore undisclosed information which at long last reveals the true extent of the gun-related killing to the "bodycount".
On a global scale, but most especially in our own country, the rate of gun-related killing is rising with alarming rapidity. As an American citizen, I am appalled by the fact that those who are responsible for this epidemic of gun-related killing are not being held accountable. In fact, they are being rewarded for their actions. This is a far more serious situation than we are currently aware of. The time has come when the law must be enforced. FROM (JUN 26) 5VLP1

Dear Congressman Moore:
Several weeks ago, I phoned you in Washington supporting stiff gun legislation. You were delivered, and you assured me that you were greatly concerned about gun registration and I feel that only-needed legislation must be enacted. I was more than a little disturbed by the July 3 Evening News-Register's position to gun registration and I am unapologetically opposed. I am a legislator and I feel that I must support the individual in the exercise of his or her right to own a firearm.
