

LYRASIS® Consulting Services

Get started on the path to preservation and digital readiness with LYRASIS Consulting Services. Whether your staff is ready to learn digitization basics, participate in advanced preservation training or planning to design and manage a digital or preservation project of any scale, LYRASIS can give you the tools you need to meet your goals.

LYRASIS consultants can help you with all your needs including digitization, metadata creation, digital asset management, digital and traditional preservation, institutional repositories, preservation site surveys, disaster plan development and long-term preservation planning. We also offer a full suite of classes to enrich your staff's training and knowledge and prepare your institution to tackle all your projects.

Work with Industry Experts

Our nationally-recognized consultants will give you expert guidance and ensure your goals are met using the right mix of best practices, standards and high quality solutions.

Areas of Expertise
